Re: MB Docket No. 10-56

Dear Chairman Genachowski:

With the Commission undertaking its review of the Comcast-NBC Universal joint venture proposal, I would like to offer my thoughts on Comcast and their work here in Florida.

Energy & Utilities  
Policy Committee

Florida's unemployment rate remains far too high. During these difficult times Comcast has been a source of steady and growing employment in Florida. Comcast has further been able to continue to invest in new infrastructure and innovative services for Florida residents. Its record is remarkable given the economic uncertainty today.

Transportation &  
Economic Development  
Appropriations  
Committee

Comcast's commitment to our state is also laudable. It makes significant investments in non-profit organizations that provide essential services to those in need. Comcast has also helped to donate tens of thousands of volunteer hours through its Comcast Cares Day.

Education Policy Council

Thank you for the opportunity to comment on the proposed Comcast-NBC Universal joint venture, and I ask that you to consider Comcast's record as a job creator and good corporate citizen.

State Universities &  
Private Colleges  
Policy Committee

Sincerely,

A handwritten signature in blue ink, appearing to read "Maria Lorts Sachs".
